We strive to develop needed quality eco-friendly products for the masses at the most competitive prices.

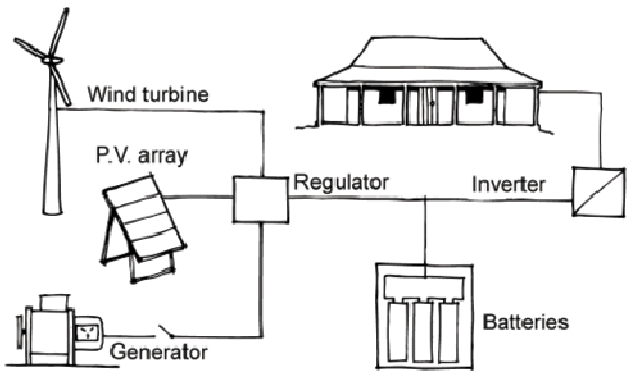

Plenum Global Inc  
Frenchtown, NJ 08825

# Jast Energy

We bring quality products to enlighten our world.

"I am happy that your inverter system was installed in a way that it would accommodate my generator and solar panels. I am looking forward to your hydroelectric system. Roberto was very professional during the installation and often called to check how things are working. Keep up the good work"

- **Privois Cabral Lauture**
